

Assessor Refresher Course

Overview

This course is designed to refresh and bring up to date the skills of existing assessors. However, it could also be delivered to new assessors who will not be assessing safety critical roles and therefore do not need the full [Assessor Award](#) qualification.

Course Delivery

The course is delivered as one or two days of training, based in a classroom. It consists of a mixture of formal learning and practical exercises including walking through scenarios based on historical incidents. The choice of one or two days depends on customer preference and whether or not detailed training on how to use the company's internal systems is required. There is also the option to have an online version of this course.
