Incident Cause Kit

Tabletop Simulation

The **Incident Cause Model** is often misunderstood or misused by those undertaking investigations. We have developed the **Incident Cause Kit** as both a training aid for new Investigators and a standardisation tool for stimulating discussion amongst more experienced practitioners.

It's a fun, friendly competition to 'beat' your colleagues and score points - guaranteed to cause a heated debate!

Online Version

Following recent developments with coronavirus and the need to socially distance, we are now delivering all of our training remotely using video conferences. As part of this, we have made an online version of the **Incident Cause Kit** that can be played remotely:
